

Why Travel With Plunge?

Dive Travel has gained huge popularity over the past decade. It's no wonder with the number of spectacular Pacific destinations right on our doorstep. And Australia, as a country and continent, has the most diverse scuba diving and snorkelling opportunities in the world...the Great Barrier Reef in Queensland, Whale Sharks in Western Australia, Great White cage diving in South Australia, the Kelp Forests in Tasmania and the spectacular Grey Nurse Sharks and wrecks in New South Wales.

For PLUNGE, dive travel is a passion! Dive travel keeps diving fresh and exciting...new explorations, new destinations, new experiences and more diving! It's a fantastic way to meet like-minded people.

EXPERIENCE

We've had years of experience travelling and diving the world, from the warm tropical waters of the Pacific and Caribbean to the frigid waters of Antarctica and the Arctic. We've experienced over 60 of the world's best diving destinations. We know what makes a good dive holiday, we know how to organise and plan dive travel and we know how to have a good time.

EFFORTLESS

PLUNGE takes the stress away by eliminating the hassle of deciding where to go, what to take, how to get there, dealing with travel agents, booking flights, etc. We organise everything, so all you have to do is get EXCITED about going on holiday.

SOMETHING for EVERYONE

Divers differ in their interests. For many, marine life and photography are primary interests and for others, it's wreck diving, usually associated with deeper diving. Every scuba diver likes tropical water (they're lying if they say they don't), but some also find cold waters appealing. And then there's the more adventurous, those looking to explore, seeking adventure in remote destinations. Divers are varied and consequently so are our travel options.

So, why exactly should you choose PLUNGE for your Dive Travel?

- Expert knowledge of dive travel
- Extensive experience – have traveled and dived in all 7 Continents
- Choice – we offer dive travel options to suit all types of divers

- Some of our trips are limited to a minimum certification level
- Dive training can be integrated with our dive travel
- Particular care is given to Underwater Photography / Videography requirements
- Instructor certification required for all of our trip leaders
- Information slide nights prior to each trip
- Travel information packs provided to each traveler
- Post-dive activities and tours are organised on every trip – enhance your experience
- Each diver gets a CD of images upon their return to Sydney
- After trip dinner to re-live what an excellent expedition you had!

We have a passion for exploration, for new experiences, for dive expeditions. We put extra time and effort into researching, planning and organising **EXCEPTIONAL** dive trips. Get excited, come travel with us!
